

## LOCATION MAP FOR BOB JOHNSONS STRUCTURAL ENGINEERS

Our offices are located within Shrewsbury town centre adjacent to the Market and above Maplins. Due to our town centre location there is limited parking available, however there are two short stay (up to 2 hours) pay and display car parks on Barker Street, which are only a minutes' walk away, if you need parking for longer there are several large car parks located throughout the town and are within a 5 minutes' walk of the office
